**Who We Are**

The Ludwig von Mises Institute-Europe was established on 12th October, 2001 as a non-partisan think-tank. The Ludwig von Mises Institute-Europe primarily aims at finding creative solutions to promote a competent, competitive and creative Europe. It bears the name of Ludwig von Mises, one of the most prominent liberal economists of the whole XX century, and one of the main representatives of the Austrian School.

The Ludwig von Mises Institute-Europe primarily aims at:

- **Exchanging and promoting** the principal ideas and merits of Classical Liberalism with a particular focus on the ideas of the Austrian School;
- **Acting** as an interface between top academics, senior business leaders; respected media commentators, and leading politicians across the EU and in Brussels;
- **Teaching** young professionals and students from all over the world about classical liberalism in addition to the workings of the European Union.
- **Connecting** world-wide liberals and organizations at national and international levels.

**What We Do**

Since its foundation, the LVMI-Europe has successfully organized a variety of conferences, symposia, discussions, targeted dinner debates and lunch debates, discussing topics like: The growing role of the EU, Knowledge & Innovation; Transatlantic Relations; Tax Competition; Better Regulation, Islam and the EU.

The Ludwig Von Mises Institute-Europe is dedicated to bridging the gap between believers in the free market across artificial boundaries that often divide academic, business, and political circles.

Members include former Prime Ministers, MEPs, former commissioners, key politicians, senior academics, business leaders and prominent journalists.

Ludwig Von Mises Institute-Europe has as sole objective to create prosperity for every individual, while initiating new and unaccustomed ways of analysis and debate in order to ensure Europe’s future prosperity and security in the global village.

**Educational Programme**

Internships at the LVMI – Europe are not only for European students but also, for students all over the world! Interning at the LVMI – Europe equips students with the essential skills needed in a competitive European Union. Such skills include data, research, and website management in addition to writing reports for the organization.

Partnerships with the Universities of Leiden, Bologna, Cagliari, Lille, Tampere and Brussels (VUB/Vesalius) enables both student engagement and education about legislative processes, policies, and learning more about classical liberalism.
