

LVMI - EUROPE Alumni

Dr Maria Berghs, Lecturer in Health and Life Sciences at De Montfort University, joined in 2006

Dear Annette,

Wonderful to hear from you again! Thank-you so much for your kind invitation but I will be in Amsterdam on the 14th October for work and cannot make it.

It's great to hear that all is well with you, the institute and that you are still busy as ever. This does not surprise me and I am so very happy for you.

I am now living and working in the UK and don't go to Brussels very often anymore.

If I am ever in Brussels, will let you know and hopefully we can catch up!

With best wishes,

Maria

Efthymia Theodoridou, Event Organiser, European Cocoa Association, joined in 2012

Thank you very much Mrs Godart, I wish you great success at this event and I look forward to seeing you on another occasion.

With my warm regards,

Effie

Marion Kokel, Public Affairs Specialist/ Analyst, joined in 2012

Dear Annette,

Thank you very much for this invitation but I won't be able to attend as I am living in the UAE now. I might move back to Europe in the near future and would be glad to attend your next event.

Best regards,

Marion K.

Henri Erti, Banking Specialist, joined in 2012

Good evening Mrs. Godart.

I am very grateful and honored to receive your invitation. I have followed the work of LVMI-Europe very keenly after I completed my traineeship in 2014.

I have lived in United States since 2015 and therefore unfortunately I cannot attend the event. But please keep fighting the war against Keynesian socialists who seem to be taking over the U.S as well.

Your work and dedication are much appreciated!

With respect,

Henri Erti

Anna Cesari, Consultant, Organisation Development Support (ODS), joined in 2014

Dear Annette,

It is a pleasure to be in contact with you again, and I hope that my email finds you well.

I saw the event and I really wanted to attend, but unfortunately I will be on a field visit for work the entire week.

I will make sure to make it next time.

With best regards,

Anna

Paweł Dziędziul, Member of the Scientific Council, joined in 2016

Dear Mrs. Godart

Great hearing from you, and thank you for the invitation. I would be happy to visit, but October is a busy period for me, unfortunately. Some people say that after finishing PhD it is easier, but not in my case. I planned to visit few friends in Brussels few months ago, and this also did not happen. A lot of work and no time.

I am happy to hear that the Alumni Programme is working. Perhaps some other time I will manage to attend.

Thank you again and I wish all the best with the event. I hope we will still be in touch.

Best regards

Paweł Dziędziul

Fabio Scorza, Account Payable Assistant, NATO, joined in 2017

Good evening Mrs. Godart,

I really appreciate that you still write and invite me in such events you organise. I'm glad I've worked for and with you, but I cannot make it this time.

I hope we are going to see each other in the future,

Have a nice evening and end of the week,

Regards,

Fabio Scorza

Rubi Garcia, Advisor, ULTA Beauty, joined in 2017

Dear Ms. Godart,

Thank you for your email and invitation, I would love to attend but, unfortunately I won't be able to make it in time (as I am still in the U.S.). Please let me know if there is another way I can share my experience or help with the Alumni programme.

I hope you have a wonderful day!

Best wishes,

Rubi Garcia

Kristian Reeson, Student, Vesalius College, joined in 2019

Dear Ms Godart,

It is a pleasure to hear from you.

Unfortunately, I will not be in Brussels on the week of the 14th of October.

I wish you all the best with the alumni program and the other functions of the Ludwig von Mises Institute.

Kind regards,

Kristian Reeson
